

Dear fishing friends,

We kindly inform you that Varzina River Company Ltd closes its office in Finland. We would like to thank all our co-operators, customers and friends for a nice and long-term co-operation.

Despite of this change you can book Varzina tours as ever before through other Finnish agency ([www.fishbum.travel](http://www.fishbum.travel) / [www.varzina.fi](http://www.varzina.fi)) where I will personally be helping all clients and taking bookings for Varzina as always during my 14 years work history in Varzina main office in Finland.

In practise everything will stay the same concerning client bookings, visa invitations, invoicing etc., so please do not hesitate to contact us for Varzina bookings also in the future.

You can find here below some updated Varzina river fishing information and prices. You can also find more information on our new website (which is under construction) at [www.fishbum.travel](http://www.fishbum.travel) and you can also have a look at old Varzina website at [www.varzina.fi](http://www.varzina.fi)

Best regards  
Marjut Sirola
